

28/12/75

8:30 p.m.

(total 6.5 seconds)

- (Foggy, very dark, out with Nuser, in an empty field, near large electric pole)
- 1- Out of eye-corners, large orange shape, like glowing or transparent, seen a split second, with "a hole in the semi-circle" either at ~~top~~ side or bottom, gone at once.
